Waxa la sameeyo hadduu kugu dhaco cudurka korona fayras 2019 (COVID-19)

Haddii aad ogtahay inaad qabto caabuqa cudurka COVID-19, aad sugeyso natijjooyin baaritaan, ama aad ka shakisan tahay inaad cudurka qabtid, fadlan raac talaabooyinka hoose si aad uga hortagto inuu cudurka ku faafo dadka kale ee jooga gurigaaga iyo bulshadaada:

Guriga joog marka laga reebo inaad raadsanayso daryeel caafimaad

Ha aadin shaqada, dugsiga, ama goobaha dadweynaha Iska ilaali isticmaalka gaadiidka dadweynaha, wadaaga gaadiid-raaca, ama taksiyada.

Horay u sii wac kahor booqashada dhakhtarkaaga

U sheeg xafiiska inaad qabto ama laga yaabo inaad qabtid cudurka COVID-19. Tani waxay ka caawinaysaa iyaga inay qaadaan tillabooyin dadka kale lagu badbaadinaayo.

Iska sooc dadka kale ee guriga

Ku nagow qol gooni ka ah qololka dadka kale iyo rabaayadaha. Haddii ay suurtagal tahay, isticmaal muqul gaar ah. Iska ilaali taabashada indhahaaga, sankaaga, iyo afkaaga.

Xiro maaskarada wejiga haddii aad jirran tahay

Haddii aad jiraan tahay: Waa inaad xirataa maaskarada wejiga marka aad ag joogto dadka kale (tus., wadaagida qol ama gaari) ama rabaayado iyo kahor intaadan gelin xafiiska daryeel-bixiyaha caafimaadka.

Haddii aad daryelayso dad kale: Hadduu qofka jirran uusan awoodin inuu xирто maaskarada wejiga (tusaale ahaan, iyadoo ugu wacan tahay inay keenayso dhibaato neefsasho), markaa dadka la nool qofka buka ma aha inay la joogaan isla qolka, ama waa inay xirtaan maaskarada wejiga. haddii ay qol la galaan qofka jirran.

Dhaq gacmahaaga inta badan

Dhaq gacmaha: Ku dhaq gacmahaaga inta badan saabuun iyo biyo ugu yaraan 20 il-biriqsi, gaar ahaan markaad siinsato, qufacdo, ama hindhisto; markaad aadayso musquusha; iyo kahor cunista ama diyaarinta cuntada. **Gacmo-nadiifiye:** Haddii saabuun iyo biyo aan si fudud loo heli karin, isticmaal gacmo-nadiifiye aalkolo leh oo ugu yaraan ka kooban 60% aalkolo, adoo gaarsinaya dhammaan dusha gacmahaaga oo ismari ilaa ay ka qallalaan.

Saabuun iyo biyo: Saabuun iyo biyo ayaa ah ikhiyaarka ugu fiican haddii gacmuu ay ka muuqato wasakh.

Iska ilaali taabashada: Iska ilaali ku taabashada indhahaaga, sankaaga, iyo afkaaga gacmo aan dhaqneyn.

Dabool qufacaaga iyo hindhisadaada

Ku dabool afkaaga iyo sankaaga tiish markaad qufacdo ama hindhisto. Ku tuur tiishashka la isticmaalay weelka qashinka oo bac leh; isla markaaba gacmahaaga ku dhaq saabuun iyo biyo ama gacmahaaga ku nadiifi gacmo-nadiifiye aalkolo leh oo ka kooban ugu yaraan 60% aalkolo.

Iska ilaali wadaagida alaabta guri ee shaqsiyeed

Ha la wadaagin suxuunta, koobabka cabitaanka,bakeeriyada, maacuunta cuntada, shukumaannada, ama gogosha dadka kale ama rabaayadaha jooga gurigaaga. Ku dhaq alaabta saabuun iyo biyo.

U nadiifi dhammaan sagxadaha "kore la taabto" si joogto ah Iisticmaal nadiifiyaha buufiska ama tirtiraha ah, sida ku qoran tilmaamaha summada. Summadaha waxay ka kooban yihiin tilmaamo loogu talagalay

Iisticmaalka aamaanka ah oo wax-ku-oolka ah ee baddeecada nadiifinta oo ay ku jiraan taxaddarro ay tahay inaad qaaddo markaad adeegsanaysid baddeecada, sida xirashada gacmogashi iyo hubinta inaad hawo fiican helayso inta aad baddeecada isticmaaleyso.

La soco astaamahaaga

Raadso daryeel caafimaad haddii jirradaadu ay ka sii dareyso (tus., heef-qabasho). **Kahor** intaad raadsan daryeel, wac daryeel-bixiyahaaga caafimaad oo u sheeg inaad qabto, ama laga baarayo cudurka, COVID-19.

Dadka la geliyo korjoogteyn socota ama is-kormeer la fududeeyay waa inay raacaan tilmaamaha ay bixiyaan waaxda caafimaadka ee deegaankooda ama xirfadleyaasha caafimaadka shaqada. Haddii aad qabtid xaalad caafimaad oo degdeg ah oo aad u baahan tahay inaad wacdo 911, ogeysii hawladeenada dirista inaad qabto ama lagaa baarayo cudurka COVID-19. Haddii ay suurtagal tahay, xiro maaskarada wejiga kahor inta aysan gurmadka caafimaadka degdega ah imaan.

Joojinta go'doominta guriga

Bukaannada qabaan cudurka COVID-19 waa inay dhawraan taxaddarada go'doominta guriga ilaa halista qaadsiinta dadka kale loo qaato inay yar tahay. Go'aanka lagu joojinayo dhawrista taxaddarrada go'doominta guriga waxaa loo sameeyaa kiis-ka-kiis, iyadoo lala tashanayo daryeel-bixiyeyaasha caafimaadka iyo waaxaha caafimaadka gobolka iyo deegaanka.
